

L02A & L05A Driver Installation & Setup for WINDOWS

	<p>Insert L-02A or L-05A CD</p> <p>◆◆ Do not connect USB data card yet.</p> <p>Open CD</p>
	<p>Select WINDOWS</p>
	<p>Select Driver</p>
	<p>Run FOMA_L02_USBMODEMDriver setup wizard</p>
	<p>Select (N)></p>
	<p>Complete program installation</p> <p>◆◆ Do not connect USB data card yet.</p>

	<p>Load L-02A Connection Software Setup</p>
	<p>Select (N)></p>
	<p>Select (A) to accept terms</p>
	<p>Program successfully installed.</p>
<p>◆◆ CONFIRM THE FOLLOWING BEFORE PROCEEDING</p>	

		<p>Confirm L-02A or L-05A program has been installed</p>
		<p>The L-02A or L-05A icons will appear on your desktop. Do not connect with these icons. We will now load the Unlimited Data Connection Manager.</p>
		<p>Confirm the FOMA L-02A modem is present in your Device Manager or in Phone and Modem Options.</p> <p>◆◆ As a precaution, please disable all other modems prior to installing Unlimited Data Connection Manager CD. To disable, right-click on the desired modem.</p>

NOW WE CAN INSERT THE DATA CARD

After inserting the data card Windows will go through a process of new hardware and drivers. You should receive notice that the data card is functioning properly.

Load the Unlimited Data Software Connection Manager CD by following the instructions provided in your confirmation. The download is also available from our website.

Upon completion this blue icon will appear on your desktop.

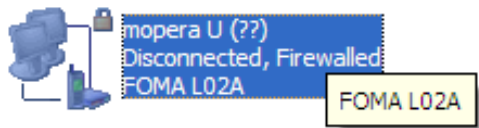

Click on icon blue to connect

The connection module will appear with the antennae indication the reception in your area. Click the blue button to connect. If the blue button is grey the software or drivers have not been configured properly.

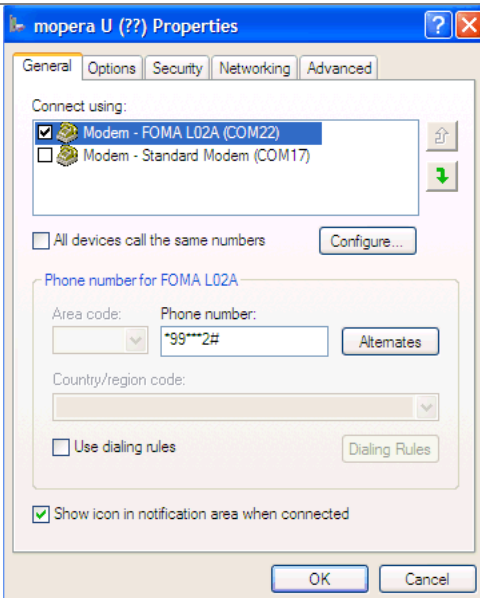

Connection Manager

Dial-up

Should the card not be configured properly and you get a yellow error (!) icon, check the following:

1. Connection Manager
2. Properties
3. Phone Number
Primary *99***2#

If all fails and you are having difficulty with setup, contact us at **03-3551-9777** and we will assist you via telephone. NTT DoCoMo staff is available to assist you at local DoCoMo shops located in most locations in Japan. We are able to setup an appointment for you.
